

How to fold pillows on Anytec A21

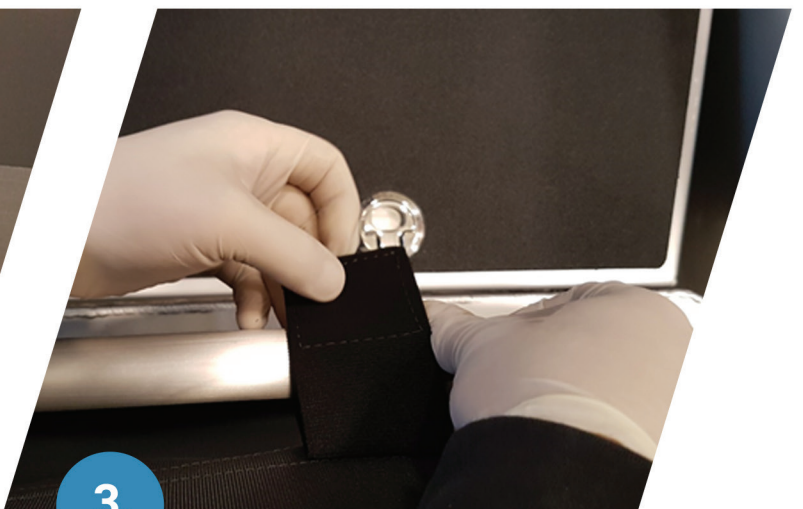

1.

Put the cushion onto the sofa hatch and fasten it by pushing down firmly (Velcro).

2.

Place the backrest cushion onto the back of the sofa and fasten it (Velcro).

3.

Fasten the backrest cushion to the back pipe using the Velcro loops.

You HAVE to use the whole set of the cushions in order to not loose any cushions from the wind draft when running at high speeds.
